“ Cindy, I was so sorry to hear about your mom. I didn't know she had been sick. Cookie was such a joy to be around! A lot of my high school memories include good times we had at your house. She seemed to love having us girls around the house. You have so many good memories to hold on to. She was loved by so many and will surely be missed!

“ To the Family of Cookie, I had no ideal that Cookie was even ill. I am truly sorry for the loss, if I had known earlier, I woud have visited. I will always remember her laugh and cheerful personality. We recently loss our Mom and I am truly sorry for Cookie's daughter. Life will not be the same for the family.

“ My favorite memories of her was when her and Uncle Ken would come to our house in their little blue VW. Cookie and my dad, the late Robert "Bob" Courtney always trying to get one over on the other. He would pull a prank on her and she would pull one back on him, then Cindy would start crying and they would have to stop. But, when I was a little girl I always wanted my house to be just like hers because she had the most beautiful decorating ideas. I always thought she dressed so beautiful, too....Even though it has been years since I seen her she was on my mind from time to time. Now I have let time get by and can't tell her how special she really was to me. You will truely be missed by all who knew you.

“ I have lots of memories of Cookie but my most favorite one was when Cookie, Michael, Candi and I sat on my front porch until daylight. It was on a Friday night after a football game and we just sat and talked and laughed all night long. I made her call me when she got home to make sure she didn't go to sleep while driving. I will never forget that night. I will miss her but never ever forget her !!!
