“ *Chad as i sat in your truck yesterday after I finally got the nerve up to start working on it, a great emotion swept over me that at first was hard to explain but now easy at first I was overcome with tears and it wasn't long before I realised that I was smiling. Because I knew that you were right there with me talking to me and telling me what I needed to do. "I HEARD YOU CHAD"*

“ *I have so many memories of chad and I growing up it's really hard to just remember one. But what I do know is he will be greatly missed not only by me but many that all went to school together. I really enjoyed our last conversation we had together and I will always hold that close. Till we meet again my dear friend.*

“ *Chad was my next door neighbor growing up. He used to tease me all the time saying my ears were big and calling me Minnie Mouse. 😂 It was all in fun though. He was a sweetheart and I have nothing but good memories of him. RIP Chad. I'll never forget you.*
