VS

“ I went to school with Diana at Mullins High in 1973. She was a bundle of sunshine, always smiling and always so positive. I hadn't seen her or heard from her since I graduated that year. She has often crossed my mind in a great memory sort of way, wondering what ever happened to her. I hope she was has and experienced much love and happiness on her journey. Until we meet again Diana...

WM

I went to school with Diana and was a flag girl with her. I also worked with her sweet Mom -Kiko in the Recovery Room for years. I am heartbroken to hear this sad news. Dear friend gone too soon

LN

Diana was a good friend in high school. We had art class together and rode the bus together. I last saw her at McDonalds in Coal Run where she was working many years ago. Fly high my friend.....
