AN

“ Donnie was a good person who would do anything for anybody, he loved his family with all his heart and he cherished his little dog spencer! Donnie had been sick for a while but he never complained and just kept pushing on, thru it all. When he lost my mother it devastated him, he missed her so much and that's all he would talk about! We might not have been blood but he was my father and he will always be. I know that he is with my Mother now and I find comfort in knowing they are together once again!
