“ Estil was the most caring and kind hearted man I have ever met in a long time. I know he worked so hard on the long fork park. He was there almost everyday doing something to the park to make it a better place for the community. It will remind me of him everytime I go by it. I used to walk there in the evenings and he would always take time out to speak to me. Estil lived up above me some and would pass by my house everytime he went out of long fork. He noticed one day that surround on my outside light was broken off and he told me that he had one that he would give me and said he would just drop it off at my house one day. Well, a couple of days later i come home and he had actually took my old one down and put up the one he had. Now how many people would do that. He is one of a kind and I will never forget him. He will never be forgotten.

“ So many have said Our loss Heavens gain...this is true. We have lost a Great man this week..he touched so many of us throughout the years. As a youth in church he was there in sporting events, talent shows, and especially when we went on the Y.O.U. trips. I remember wanting to go begging the parents...then getting there and being terrified. Of course you had to fake in front of your friends and not be scared, but Estil would let you cry on his shoulder. That way when you called home you didn't scare your parents to death. And he always made sure we Reno kids were having fun. I never had a grandfather and I always considered Estil my "adopted" grandpa. I think he was that for a whole lot of us in the YOU. The hearts he touched, the lives he changed...the world lost a great man....but Heaven gained one. You will be missed Grandpa Estil

“ When i was 13, i was playin ball and my ball flew over the fense into Estil's garden. As i was over there looking for the ball, he didnt care if we needed to step over and get the basket ball, i saw he had like 30 watermellons. i thought well he aint gonna miss one. so i took it. after i carried that 20 lb mellon home, my dad made me take it back with 5 dollars, and to tell estil i was sorry. well Estil looked at me, as i was standing on his porch lookin at my feet embaressed, and said "sissy i was gonna give you one but they wasnt ripe yet... its ok, everybody makes mistakes, you came over said you was sorry and tried to make amends.. thats what counts. you know you done wrong and you are tryin to fix it. its what the good Lord would want, as well as someone to forgive... i aint mad i grow my garden cause i enjoy it...i also enjoy giving the goodies to my friends, as a matter of fact i have some other things gettin ready to be ripe enough to pick.. i will bring you over a bag filled" he taught me more in that 15 min exchange than i had ever learned in my life about forgiveness and selflessness... i willmiss him so much...
