“ Oh, Christina, this absolutely breaks my heart. Although we never officially met Jamie, he made you the happiest I had ever seen you. I knew then, he was a good man. I'm grateful for the way you shared your lives with us, so I could "get to know him." I'm thankful you were able to have him as long as you did. I love how the obituary read...you always make sure the whole family is included. Jamie was surrounded by love!

“ My heart breaks for this family. I have good memories of Jamie coming to our house. I remember him and Donald trading trucks. I think Jamie ended up with the truck that bounced and Donald got "Old Yeller", the yellow Chevy pickup. I'm glad we have our memories and times to focus on better times. May God give you peace and comfort in the days ahead. You all will be in my thoughts & Prayers and my God wrap his healing arms around you.

“ I remember when Jamie would throw a fit as a two year old. If he wanted milk he would throw himself on the floor and pound his head. I will never forget it. I watch him grow up. I know he loved his motorcycles. He will be missed.

“ To Jamie's family... I know your world is so dark right now. Sending you light through my heart. Thinking of you all.

To Jamie...even though we just recently found out that we are cousins, I always felt a connection before. You're going to be missed, and loved forever, and immensely!!! Until we meet again ~Misty
