“ Jeff I have missed you for a long time. I remember you always being there for me when we were younger how you took care of me and would always be a kid with me. I am happy the you have found the peace that you have always deserved and longed for but I miss knowing that you are out there some where and the possibility of you calling or just showing up where ever and when ever. I have always loved you and you hold a very special place in my heart and my memories.

“ I love you Jeff, I always have and I always will. I know your mind is at peace now and that helps a little, I just wish I could hear your voice one more time. I remember you when you were little and all the meanness you and Ray and all your friends would get into. There are so many good memories from those years some funny stuff you did. I will miss just knowing you are in my world. Love your sister Jan
