Jig was one of a kind! A very dear friend to me and I am gonna miss her dearly! My fondest memories of Jig was working with her at GFJohnson school. She made everyone laugh and boy could we pull some pranks on certain people. She always got a kick out of that. One year at Halloween she dressed up like a boogie man and sat in the floor at the end of the serving line. When certain children (that we knew or family members) and some adults came by she would kick them or move a little and really scare the pants off them! She was fun loving and always was ready to help with the fun! I will never forget Jig and I will always remember her and our memories we all made together! Sending my love and prayers for her family and I pray that in some way this story can bring back some great memories for everyone! I love you Jig until we meet again ❤️🙏
