“ My sister Jerlene was just two years older than myself. We grew up poor. Our Daddy was a coal miner. Jerlene got married way too young I thought . She married Estill Hall when she was just 15 years old. She had her first child when she was about 16. Which she named Stella Ann. This child was very sickly and only lived about a month. Then she had 5 more kids. She had a hard time raising her family. Life had always been hard for Jerlene. Over the years Jerlene and I would always call and talk to each other about our ups and downs. I have to admit she was a stubern person. If she didn't want to do something for her own good you couldn't talk her into it. I love her and I am going to miss her calling me. So rest in peace Jerlene. May the Angels be watching over you. I will always remember the times we have talked and wish we could have spent more time with each other. It seems like life is way too short. So I want to say to her Children, Don't wait, spend as much time together as you can. For tomorrow may never come.
