“ *So sorry to hear of Kennys' passing away. He was a friend of my children and was here in his High School days to play basketball in our back yard. He was always so nice and respectful. He never failed to speak to me over the years at ball games or funerals or any where we met. He would always say he remembered the old days in my back yard and the good times when he was in High School.*

“ *I am saddened to hear of Kenny passing. As a relative and friend he will be missed. He always had a smile and always took time to talk to me when we met out anywhere. Von you are a wonderful person and stood by him through this all. Wish I could be there today but you and your family will be in my thoughts and prayers.*

I'm sitting here in the doctors office hoping I get done in time to be there for the family. Kenny began his coal mining career working with me at Dorton Coal Company. Kenny was a hard worker, honest, and fun to work with. He'd always carry his load even when not feeling well. As neighbors, This family was the best. Kenny always had a smile and a kind word. It was a joy to witness to him and I was truly blessed to see him find salvation. His family are my family. Ryan, Von, Sharon, such sweet and wonderful people. I know the pain you're experiencing now and what you'll experience later. I will be praying for God to comfort you and give you strength in the days ahead. I love you guys dearly.
