“ *I recall the first day I met you Laura... I was so nervous because I was the new girl in your granddaughters lives. You had the biggest smile, I asked Austin what in the world you were doing, you must have heard me because when you got up to walk towards me, you smiled even bigger and said haven't you ever seen anyone shuck beans before? that was the first of many I'll hold onto. I thought if anyone had more time on this earth it was you, I seen you Friday and I was so angry and had so much on my mind I could see the exhaustion then... but I never even said goodbye. I am praying so hard for Bud, along with your babies and grand babies... you truly were an angel on this earth, and I know in my heart you joined right in with them up in Heaven. I am going to miss seeing that smile and us always holding one another up in small talk before i come or go to get the girls... Love always Shell*

“ I just wanted to say I love you and I miss you. Laura I have so many memories of you I don't know where to start. But I'm going to tell you my favorite was when you let me come home to live with you and bud . You both took me in and treat me as if I was one of your own .I remember the nights you sit up with me talking-to me about life and I how I would always have a home to come back to. I remember the times we all would play fight and gain up on Bud . It was what family did. I know with out a doubt your with John Henry and Hellen . I remember that last time we spoke you told me I needed to get my but home so you all could see me. Laura I'm sorry I didn't make it there. I want you to know that I love you with all my heart and soul and that you are going to be missed by so many of us . I hope you know that I am so grateful God let you be a part of my life .
