“ On time when Louise was in the hospital this past year I went to visit and when I walked into her room, she was asleep (so I thought) and so I just left and said I'd come back the next day. Turns out she told Grandma and Ocie and Sylvia that "someone came in but they didnt say anything..." I never saw her open her eyes. When I came the next day they let her know I was the one who had come in. (:
