“ My condolences to the family. I have always been of the opinion that Clayton was arguably the best State Representative the 93rd district ever had. His name on the building that houses The Big Sandy Community and Technical College in Pikeville shows his diligence in his service to this area, and it is but one example of what he was able to accomplish in his time there. The people of our county and our region are so much better off for his having lived here. Those whose lives he has touched, both as a teacher and as a legislator can easily attest to this.

Will always remember the times that I rode with Clayton, Eloise, Sue and one of the Sunday School teachers to Pikeville to our jobs. He was always good to me and always had a smile on his face. All of this was many years ago when I was a young lady but I remember the times so well. I love you Jo and will be praying for you and the family during this difficult time.
