“ *I never knew him but I have heard stories and he seems like a great guy. You are now in heaven with all of our other family members and I know you are up there right now dancing and having fun while you are looking down on us. I just want you to know that I love you and that I hope the rest of the family celebrates the life that you have lived because I know it is easy to keep the pain inside but let it out cause it helps.*
