“ *You will always be in my heart and in my thoughts. I can still remember you stuffing us under the bed on our birthdays when we were little, sitting on your front porch stringing beans and going to church with you and Mamaw. I always enjoyed the times we all went to Cave Run to camp out. I miss you so much and I hate that Katie wont get the chance to make those kinds of memories with you. I know that you are looking down from Heaven with Mom and that you will watch over us forever. I love you very much.*

“ *I still love you better than I love anyone else in the world and always will. I miss you already Papaw. I know you are happy to be in the home you have worked so long to get to. I know you are happy to be with Mamaw again and for that I am happy for you. But I will miss you and carry you in my heart until we meet again. Missing you the mostest as much you loved me the mostest..your brokenhearted granddaughter*
