“ She was such a wonderful person almost family to me, her and Jerry. They were very good friends with my entire family. When I was able to come back and work in their area I would make a deliver to her office and take a short break with her. We would always riminess the past for at least 25 min. Since my family had moved away over the years I had the opportunity to have all of them with me out on the road one weekend afternoon. We stopped in to see them at Pitstop and then at their home. She had not seen my little brother, whom she taught in school many many years ago. She had always wanted to see him again. It made her so happy to be able to reunite with him again after such a long period of time past. I could go on and on but I will never forget her as she touched so many people lives in so many different ways. Truly she is with the Lord with all her families and friends. My mom and dad and brothers passed will have surely welcomed her with a hug.

“ Mrs. McPeek was a huge influence in my childhood. She always pushed for me to learn, grow, and become a better person. I can honestly say I wouldn't be who I am today without her involvement in my life. My heartfelt condolences to her family. Know that she lives on in the hearts and memories of all those she touched with her kindness and love. Thanks for everything Mrs. McPeek.
