“ Beck, where do I even begin we’ve had so many fun times together and we used to be together all the time. You have always been there for me when I didn’t think I could make it, you always made me laugh and smile even when I didn’t think I could. I don’t know what I will do without you here to help me. I don’t have you to go through this with. I don’t know how I’m going to do it! I love you and I will miss you always!

When Curtis told me about what happened to Becky my heart went to pieces. Even though Becky and I wasn't blood related but when I was around her she made me feel like we were family. My thoughts and prayers are with the family . Love you all

“ How can it be that I will never get to talk to you again? This is all just so unreal. My mind can’t process the fact that you are gone. Hopkins Fork will never be the same. You were one of a kind and I am forever thankful that I was blessed to make so many memories with you and to call you my friend. You were always there for me ... no matter what I needed, you always came to the rescue. I already miss you so much. It isn’t goodbye, it’s... “See you soon in a better land than this.” Love you always my sweet friend.
