“ Hi I am Angel Dixon and sherry was my nanny and I am going to miss her and I love her and I remember when we used to bake together and we used to make things together and on holidays she would give me a card and she would always give me money and there is many things that we used to do together and we will all really miss her and she was a great person and she was a nice person and we will all miss her and she will always be in our hearts and she is in a better place now and she doesn't have to suffer anymore and she can now see everyone who has passed away. She was a great girl and when ever we needed her she was there for us and when people needed help she would help them and no matter what happens we will always stick together and get trough tough times or rough times and when ever we need each other we will be there for each other just like she did. She was there for us and for the people who didn't get to know her or get to meet her or don't remember her we can tell them about her and about how wonderful she was and what she did and the things she did for us. She will always be here with us and be there with us. She will be in our hearts and thoughts and memories and It will be different without her but we still have each other and someday we will get to meet again in heaven and when ever we want to relive the memories then just think of the good times we had with her and we are never far apart from each other and we will always be near just think of the memories and think of her and she will be here with us and now she is watching over us and making sure we behave and be nice and she is now with the other people who have passed away and we all will be near and we have to believe in god and Jesus and we have to be good and we will get to see her again someday in heaven. I love you guys and I will see you guys later and I will really miss her and I know you guys will to and Ronnie is my papa and I love you papa and I will talk to u later and I will talk to the rest of you guys later.

“Ronnie, Kelli, Tracey, Todd, I'm so sorry for the loss of your wife and mom and my best friend. We didn't talk much in our older years, but when we did we had a lot to say. I will miss her. We had a lot of fun years as teenagers. Love to you all.
