I have been truly blessed to count you as one of the many wonderful cousins in our family. I always remember your caring, giving personality, friendliness and kindness to others. You shared with me years back, that you were pondering to stay back home in Kentucky or return to Tennessee when a squirrel happened to come beside you

and you hand fed it. You mentioned that you were at your parents resting place when this occurred. You asked if I thought you were crazy to talk to animals. I replied, I did not.

You made the right decision as I believe that all three of you are now together.

The night of your passing, I dreamt you were standing in front of a radiant sunlight and appeared to be in the Holiness. The next morning, I opened my living room curtain, and I immediately saw a dove in the back yard. Yes, my cousin, animals do communicate with us.

May your soul rejoice.

*I love you, cousin,
Paul Dean*

P.S. You and Tony can no longer be mischievous as you are in the presence of the Lord.

Terry, you will be greatly missed. We met on Facebook, and both have shared the love of Mopar car's. We chatted numerous times on Facebook, and you were a great mod in my Auto Body group. May God always have his hand on you, and watch over you. Until we meet again, My Friend.
