“Vernon Bartley was a beloved classmate and special friend to all in the Virgie High School Class of 1961. At class reunions we all wondered who would attend, but one thing we knew for certain—our man Vernon would be there. And he was with that warm smile and engaging personality. He was a gentle soul! Before each dinner, everyone had a chance to update the class on what had happened in their lives since the last get-together. Without fail, Vernon would say, “Well, I graduated on Friday, got married on Saturday, and I’ve been a happy man ever since.” Touched many a heartstring in room! We’ll miss you, pal—Rest In PEACE. P.S. Watch the Gates, we’ll be right behind you!

“Chirpper, has been a friend, for many decades! He has had a special place in my heart, since, July of 1977, when he, Mouse Miricle & I were in that terrible accident at Pikeville! Rest In Peace, dear friend!

“I would go with Daddy to get parts and Chirp would always have a smile and no matter what was going on weather good or bad when you ask he always had the same answer "It's Chirping right along". I remember going with Daddy when the weather was to bad to be in a hurry and they would set around talking. Virgil Tucker would deliver milk and Chirp would see us kids looking at it. After a short time he would give us a box or chocolate milk. He was always good to Daddy and I respected him for that.
