“ When your walking them streets of Gold today remember me because you always asked me why was I always following you and in your mind you noticed my presence of being there for you and caring for you just like I told you ! My answer to you was I’m following a leader the elders I’ve always watched and listen to them here on my journey on earth because they never told me wrong and with you what little time we had together you become a part of my life in just being there and tending to you every need and letting me know when and what you needed done you would let me and Lou Ann know ! I’m so blessed to have known you in my short time with you ! When God calls me home I know where to find you by the river bank fishing because you and I shared chats about going fishing and I can imagine the view your seeing today Mrs Wanda ! I will find you when I make it to heaven one day and pick up where we left off in our chat or just following you to heaven now is another soul that made it to heaven that I wanna see you again ! Rest In Peace my friend and be that little cardinal that comes by my feeder like they all do and visit me and thank you for our laughs and time together ! Hugs and love my friend !! Your friend Delesa Johnson

*Sorry to hear of this loss to your family. I remember going many times to get plumbing supplies from Grant. He and Wanda would extend their hospitality and home as long as I wanted to talk. I always left feeling better after our visits and looking forward to the next. Wanda will always be remembered by her smile & laughter.*
